Index to AMERICAN JOURNAL OF NURSING

VOLUME 84, NUMBERS 1-12

JANUARY-DECEMBER 1984

This index is arranged in two sections, the Subject Section and the Name Section. **Articles** are entered under the name of the author and joint authors in the Name Section and under one or more subjects in the Subject Section.

News items are under the names of the organizations or groups mentioned in the Subject Section as well as the subjects to which the items pertain. **Honors** bestowed upon nurses are under the subject AWARDS AND PRIZES; **colleges and universities** are under the specific name of the institution. All appointments are under subject APPOINTMENTS: however, appointments to state, national, international, and federal agencies may also be under specific name of agency involved and under personal name in the Name Section. The same procedure is followed for **obituaries**. For **biographies** see subject NURSES, BIOGRAPHY and personal name in the Name Section. **Educational programs**, the opening or closing of schools, and special courses given for credit are found under subject EDUCATION PROGRAMS.

NOTE: In addition to subject headings used in **Medical Subject Headings (MeSH)**, published by the National Library of Medicine, pertinent nursing headings and updated headings in other health disciplines are used to make this index more useful and relevant.

The paging is continuous within the yearly volume. The numbers following each entry indicate the volume and page for 1984; i.e., 84:93 means vol. 84 page 93. Following are the page numbers for each month:

January pp. 1-166
February pp. 167-286
March pp. 287-414
April pp. 415-580

NEW BOOK RELEASE!

WOMEN IN NURSING

From Florence Nightingale to
the Brave Nurses of WWII

Pages from Nursing History

Available for the first time, *PAGES FROM NURSING HISTORY* is a unique collection about important women contributing to nursing's history. Articles originally published in *Nursing Outlook*, *American Journal of Nursing* and *Nursing Research*.

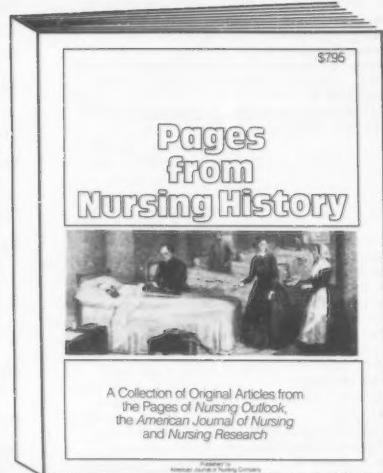

With over 60 illustrations—most of which are reproductions of original historical paintings, engravings, and photographs—*PAGES FROM NURSING HISTORY* is a must for nursing educators and historians, as well as researchers and public speakers. And this book will prove invaluable for nursing students as a classic and affordable lifetime reference.

Enjoy reading, re-reading, and keeping *PAGES FROM NURSING HISTORY* throughout your professional career... a treasured possession. And a priceless gift!

American Journal Of Nursing Company

On The Cutting Edge

SEVEN WIDELY READ JOURNALS

- 1. American Journal Of Nursing—Professional Journal Of The American Nurses' Association.** The professional nursing journal, written and edited by nurses for more than 325,000 highly qualified nurse readers. Fast-paced, authoritative coverage of the latest clinical, economic, and legislative developments. Now with an entirely new look, creating a crisp, vivid, up-to-the-minute journal. Your advertising in AJN reaches nurses who are experienced professionals. Nurses who demand the excellence that keeps AJN on the cutting edge of nursing.
- 2. MCN—The American Journal Of Maternal/Child Nursing.** Covers every facet of maternal/child nursing. Reaches nurses in ob-gyn, neonatology, pediatrics, family planning, schools and community health...at the lowest CPM of any journal in its field.
- 3. Geriatric Nursing—American Journal Of Care For The Aging.** Aimed at the extremely influential geriatric nurse, a leading decision-maker in the rapidly expanding geriatric market. Readership is more than double that of any other journal in its field, at a lower CPM.
- 4. Nursing Outlook.** Focus is on issues and trends vital to key nurses in public health, education and administration—the nursing influentials. 75% of *Outlook's* subscribers have master's or doctoral degrees. Passalong readership of over 50,000 in addition to the 22,000 paid subscribers.
- 5. The AJN Guide.** The annual career directory nurses turn to first for career guidance, with a guaranteed rate base of 135,000. Last year's *Guide* developed over 45,000 inquiries!
- 6. Nursing Research.** This journal is an important influence in nursing education: readers are master's and doctoral candidates, top researchers, faculty members and nursing students. Readership is 4 to 5 times greater than the 10,000 paid circulation.
- 7. International Nursing Index (INI).** *INI* is considered the standard reference source for the profession, indexing more than 200 nursing magazines, and nursing articles drawn from 2,300 medical and related health journals. *INI* is in all public, school and hospital libraries.
